

# WELCOME

**We can not wait to get out and about this Summer and take advantage of some freedom as restrictions are gradually eased. All of our activities are based on what you have told us you want to do, so we hope you can get involved.**

We are doing a lot of outdoor activities this year, it's a little easier to work within the guidelines this way. Anywhere we go, we still need to follow Covid guidelines, and any restrictions that are in place at any venues we visit.

You will receive reminders every Sunday of your places for the upcoming week. It's so important that you cancel and inform us if your space is no longer needed, we always have more young people than spaces. Uncancelled spaces on trips may result in losing spaces on upcoming trips.

Please note all of the activities are subject to change in line with government guidance. We plan and print these brochures in advance, so we may need to make changes with short notice, but we will keep in touch and keep you up to date with all of the changes.

So all that's left to do is have a look through the program, read the guidance and fill out your booking form. Please be aware you may not be allocated a space on every session you pick but we will make allocation as fair as possible, and ensure everyone has a chance to get involved.

## Covid Guidance

### Hand Washing

Sanitiser stations are placed at the front and back doors. Young people should wash their hands on arrival and when leaving.

### Cleaning
